

## **WESTWINDS CHOIRS – COVID PROTOCOL**

- 1) We will be masked before, during and after rehearsals.
- 2) Between Mixed Choir and Women's, whichever group is larger, they will use the sanctuary.
- 3) There will be no communal snack at this time.
- 4) One group will enter and exit through the rehearsal room door, the other through the main doors.
- 5) Mixed and Women's will stagger their breaks so there is less of a crowd and bathrooms are more easily available.
- 6) While the weather is good, we will have our break time outside.
- 7) We will maintain as much distancing, with a staggered configuration, as possible.
- 8) We will routinely sanitize hands and surfaces before, during and after rehearsals.

For reference:

### **CBE Guidelines – Choral Music – September 2021**

- Directors and singers wear masks
- As much distancing as possible, including a staggered configuration
- Use large, well-ventilated areas is encouraged
- Routine cleaning of keyboard/piano, microphones, etc.
- Routine hand hygiene
